

Standard Equipment

- Manual emergency lowering device
- Battery charger with automatic switch-off
- Low battery alert
- Battery switch-off
- Inclinator with cut out and alarm
- Load sensor with audible/visual motion cut out and alarm
- Electrical scissor protection
- Roller castors with non-marking tyres and parking brake
- Cylinder holding valve
- Non-slip deck surface
- Full height access gate with spring-lock

Benefits

- ✓ Smooth roller castors with non-marking tyres suitable for soft ground
- ✓ It can be driven through standard doorways and carried in passenger elevators
- ✓ Ease of transport thanks to fork lift, lifting points and several slinging hook points
- ✓ Outstanding battery capacity provides long endurance
- ✓ Safe and reliable emergency lowering device with pull-up handle
- ✓ Audible alarm on descent
- ✓ Digital inclinometer with cut out and audible alarm when exceeding the allowable tilt angle (no stabilisers required)
- ✓ Battery charger can be switched on for long periods, ensuring 100% battery charge

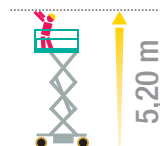

All the component parts are easily accessible for servicing

Compact design

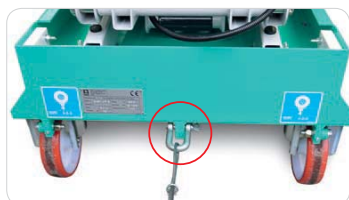

EASY UP 5

Functional chassis design for easy cleaning

Safety beam, for use, during maintenance

Winching eye for easy transport

Auto braking on castors

Removable control allows for easy and safe movement
Equipped with key switch and emergency stop button

EASY UP 5

Number of scissors		3
A	mm	3200
B	mm	5200
C	mm	60
D	mm	1790
E	mm	690
Capacity (including 1 person)	kg	200
Electric motor	kW	1.6
Battery	V/Ah	12/105
Battery charger	V	230
Oil tank capacity	l	2
Lifting time	s	17/17
Max side/longitudinal tilt angle	degrees	1,3/2,5
Total weight	kg	390
